SELECTED PROJECTS

- Amanotes Music Games

2018 — Present · Unity production

Long-running ownership of rhythm gameplay across Beat Drum, Guitar Fire, Dancing Wings, Tiles Hop, Magic Tile Dance, and related prototypes — Unity-first with cross-engine delivery where required.

UnityC#MobileSDKLive production
- Blood Field · Steam

2021 — 2022 · Co-founder

Co-founded TEGA Studio and shipped a Unity first-person horror title on Steam — 3D gameplay, atmosphere systems, and full indie production pipeline outside day-job scope.

UnityC#3DSteam
- Tree Studios · Unity Prototypes

2025 — 2026 · Client work

Converted art-heavy briefs into playable Unity showcases (Knight Saga, Golden Mirage, Lil' Tree Gangz) with gameplay flow, UI integration, and stakeholder-ready polish.
